## JOIN THE CONVERSATION WITH YOUR CHILD ON HOW BABIES ENTER THE WORLD THROUGH GOD'S EYES

**For immediate release:** *The Baby Garden* (Ambassador International, December 1, 2019, \$18.99) by Jennifer Bosma is a feel-good book about where babies are before they are conceived. It leaves the reader feeling a level of peace in the notion that babies are waiting to come to us from heaven and are specifically planned for each family. It will make the reader consider that the unborn are ordained by God and therefore feel compelled to guard their lives prior to birth as they rally around the pro-life movement and ideology.

### About the Book

*The Baby Garden* answers the age-old question that young children ask of “Where do babies come from?” from a spiritual possibility.

This sweet book helps young readers to understand the Scripture behind Jeremiah 1:5, “Before I formed you in the womb I knew you; Before you were born I sanctified you: And I ordained you a prophet to the nations.”

*The Baby Garden* declares that babies are all with Jesus before conception, and it develops a level of belief that God specifically assigns each person a guardian angel from the beginning, who will be with them before they are born, throughout their lives, and after they die. This claim is grounded in the Scripture from Psalm 91:11, “For He shall give His angels charge over you, To keep you in all your ways.” It also supports that God’s gifts to each person are uniquely planned out along with individual talents that make each person unique.
